Gurpreet Singh

Automation Test Engineer

gurpreet.singh@example.com +91 98XXX XXX16 Mohali, Punjab linkedin.com/in/gurpreet-singh-example

PERSONAL STATEMENT

Automation test engineer with 5 years of experience building Selenium and Playwright frameworks for insurance and travel products. Skilled in Java, TestNG, Cucumber BDD, Rest Assured and Jenkins, and has cut regression time from days to hours through parallel execution.

WORK EXPERIENCE

Senior Automation Engineer (SDET) · **Shivalik QA Labs Pvt Ltd, Mohali** Jun 2023 – Present

- Designed a hybrid Selenium 4 and TestNG framework with Page Object Model for an insurance policy portal, automating 1,100 regression cases.
- Run tests in parallel on Selenium Grid with Docker, cutting full regression from 3 days of manual effort to 4 hours.
- Built Rest Assured API suites for 140 endpoints and plugged them into nightly Jenkins runs with Allure reports.
- Started a Playwright with TypeScript pilot for the new customer app, now covering 220 end-to-end scenarios.

QA Engineer · **Tricity Travel Technologies, Chandigarh** May 2021 – May 2023

- Automated flight and hotel booking flows with Selenium WebDriver, Java and Cucumber BDD.
- Reduced flaky tests from about 15% to under 3% by replacing hard waits with explicit waits and stable locators.
- Performed exploratory testing of payment and refund flows ahead of festive-sale releases.

EDUCATION

B.Tech in Electronics and Communication Engineering · **Sutlej Institute of Engineering and Technology, Rupnagar** 2017 – 2021

Grade: 7.2 CGPA

SKILLS

Selenium WebDriver · Java · TestNG · Cucumber BDD · Rest Assured · Playwright · Jenkins · SQL

CERTIFICATIONS

ISTQB Certified Tester Foundation Level (CTFL) · **Indian Testing Board (ISTQB)**
Sep 2021

LANGUAGES

English · Professional

Punjabi · Native

Hindi · Fluent

CORE SKILLS

- Framework design
- API automation
- CI/CD integration
- Flaky test reduction
- Test strategy
