PERSONAL STATEMENT

Civil engineer with 6 years of experience in execution and billing of residential towers and commercial buildings for private developers. Skilled in reading structural drawings, preparing BBS and quantity estimates, and coordinating subcontractors to deliver work as per IS codes, schedule and budget.

WORK EXPERIENCE

Senior Civil Engineer · Awadh Infracon Pvt Ltd, Lucknow — Jan 2022 – Present

- Manage structure and finishing works for two G+12 residential towers with 3.4 lakh sq ft built-up area and 220 apartments.
- Completed the RCC frame 6 weeks ahead of schedule by planning shuttering cycles and adding a second slab crew.
- Cut steel wastage from 4.5% to 2.1% by preparing optimised BBS and cutting lengths for every pour.
- Verify subcontractor RA bills of about ₹1.2 crore a month against measurement sheets and drawings.

Site Engineer · Gomti Builders and Developers, Kanpur — Aug 2019 – Dec 2021

- Supervised construction of a 4-storey commercial complex, including foundations, columns, slabs and brickwork.
- Conducted cube, slump and sieve tests and maintained quality registers for third-party audits.
- Prepared daily progress reports and material reconciliation for cement, steel and aggregates.
