Personal statement

Critical care nurse with 6 years of experience, including 5 years in a 24-bed medical-surgical ICU. Experienced in ventilator care, ABG interpretation, central line and arterial line care, inotrope titration and VAP/CLABSI prevention bundles. Registered with the Maharashtra Nursing Council and ACLS certified.

Certifications

Registered Nurse and Midwife, Maharashtra Nursing Council · Maharashtra Nursing Council — Sep 2020

Advanced Cardiovascular Life Support (ACLS) Provider · AHA-authorised training centre — Jun 2025

Basic Life Support (BLS) Provider · AHA-authorised training centre — Jun 2025

Work experience

Senior Staff Nurse, MICU · Sahyadri Care Superspeciality Hospital, Pune — Jan 2022 – Present

- Manage 1–2 ventilated or haemodynamically unstable patients per shift in a 24-bed ICU, titrating inotropes and sedation as per protocol.
- Led the unit VAP bundle audit for 18 months; compliance rose from 78% to 95% and VAP rates fell by about a third.
- Perform ABG sampling, arterial and central line care, closed suctioning and prone-position care for ARDS patients.
- Act as shift in-charge on 8–10 shifts a month, allocating nurses and coordinating with intensivists and the rapid response team.

Staff Nurse, ICU and HDU · Godavari Hospital and Research Centre, Nashik — Jul 2020 – Dec 2021

- Cared for post-cardiac surgery, trauma and sepsis patients in a 12-bed ICU with 4 HDU beds.
- Set up and monitored NIV/BiPAP, infusion pumps and multi-parameter monitors, escalating early warning signs.
- Maintained intake-output, GCS and sedation charts with accuracy appreciated in NABH pre-assessment.
