Projects

Pipe Bending Fixture for the ITI Workshop · ITI practical project (team of 3) Nov 2024 – Feb 2025

Manual fixture for bending 20 mm conduit pipes, made in the fitter workshop.

- Marked, cut, drilled and assembled MS flats to drawing within 0.5 mm tolerance.
- The fixture is still used by electrician trainees for conduit practice.

Skills

Fitting and assembly · Vernier caliper and micrometer · Drilling, tapping and reaming · Engineering drawing reading · Preventive maintenance · Hydraulics basics · Arc welding basics · Bench work

Work experience

Trade Apprentice (Fitter) · Subarnarekha Forgings Pvt Ltd, Jamshedpur, Jharkhand Sep 2025 – Aug 2026

- Assisted maintenance fitters with preventive maintenance of 12 hydraulic presses, including oil changes, seal replacement and alignment checks.
- Inspected 300+ forged components a week with vernier calipers, micrometers and height gauges against drawings.
- Helped dismantle and reassemble 6 gearboxes and pumps during breakdowns, bringing monthly press-line downtime from 5 to 3 hours.
- Followed 5S, LOTO and PPE rules and received the monthly safety badge twice.
