Karthik Raman

Java Developer

karthik.raman@example.com +91 98XXX XXX41 Chennai, Tamil Nadu linkedin.com/in/karthik-raman-example

PERSONAL STATEMENT

Java developer with 4 years of experience building Spring Boot microservices and REST APIs for banking and insurance clients. Comfortable with Java 17, Hibernate, MySQL, Kafka and Docker, with hands-on production support, code reviews and performance tuning in Agile teams.

WORK EXPERIENCE

Senior Software Engineer (Java) · **Nexora Infotech Pvt Ltd, Chennai** Feb 2023 – Present

- Build and maintain 6 Spring Boot microservices for a private bank's loan-origination platform handling about 40,000 applications a month.
- Cut average API response time from 820 ms to 310 ms by adding Redis caching and rewriting slow JPA queries.
- Introduced contract tests with JUnit 5 and Mockito, raising service test coverage from 48% to 81%.
- Handle L3 production support on rotation and wrote 14 runbooks that reduced repeat incidents.

Software Engineer · **Brightpath Software Services, Coimbatore** Jul 2021 – Jan 2023

- Developed REST APIs for an insurance policy-servicing portal using Spring MVC, Hibernate and Oracle.
- Migrated 3 batch jobs from cron scripts to Spring Batch, removing manual reruns after month-end.
- Fixed 120+ defects across sprints and paired with QA to write regression test cases.

EDUCATION

B.E. in Computer Science and Engineering · **Sri Ramakrishna Institute of Technology, Coimbatore** 2017 – 2021

Grade: 8.1 CGPA

SKILLS

Java 17 · Spring Boot · Microservices · REST APIs · Hibernate / JPA · MySQL · Kafka · Docker

CERTIFICATIONS

Oracle Certified Professional: Java SE 17 Developer · **Oracle**

Sep 2023
