Pooja Rawat

Machine Operator (Injection Moulding)

pooja.rawat@example.com | +91 75XXX XXX32 | Rudrapur, Uttarakhand

PERSONAL STATEMENT

Machine operator with 3 years of experience on plastic injection moulding machines in an auto-parts plant, including a one-year NAPS apprenticeship. Experienced in machine start-up, parameter monitoring, first-piece checks, mould changeover support and shift reporting, with strong 5S and safety discipline.

WORK EXPERIENCE

Machine Operator · Kumaon Polymers and Auto Parts Pvt Ltd, Rudrapur (SIDCUL) — Aug 2024 – Present

- Operate 2 injection moulding machines of 150 and 250 tonnes producing interior trim parts for two-wheeler and car makers.
- Achieve 98% of shift production targets on average, about 1,600 parts a shift, while keeping in-process rejection under 1.2%.
- Support mould changeovers with the setter; our team cut changeover time from 75 to 45 minutes using SMED checklists.
- Fill hourly quality checksheets, check parts against limit samples and stop the machine immediately for any abnormality.

Apprentice Operator (NAPS) · Kumaon Polymers and Auto Parts Pvt Ltd, Rudrapur (SIDCUL) — Aug 2023 – Jul 2024

- Trained on machine start-up, shutdown, material drying and parameter monitoring under senior operators.
- Inspected and packed parts as per packing standards and maintained FIFO for raw material.
- Suggested 2 Kaizen ideas on part trolley layout that were implemented in the moulding shop.
