Personal statement

Optometrist with 4 years of experience in a tertiary eye hospital and an optical retail chain. Performs 35–45 refractions a day, contact lens fitting including toric and RGP lenses, and pre-operative work-ups with OCT, biometry and perimetry. Comfortable counselling patients on spectacles, lenses and myopia control.

Certifications

Certificate in specialty contact lens fitting · Optometry CPD programme — May 2024

Work experience

Optometrist · Drishti Netralaya Eye Hospital, Bhopal — Mar 2023 – Present

- Perform 35–45 objective and subjective refractions a day in a high-volume OPD, plus slit lamp, NCT and IOP screening.
- Complete pre-cataract work-ups with optical biometry and keratometry for 60–70 surgeries a month, with refractive surprises under 0.5 D in 92% of cases.
- Run OCT and visual field tests for glaucoma and retina clinics, preparing reports for ophthalmologist review.
- Started a myopia-control counselling desk for children, enrolling 140 patients in follow-up programmes in a year.

Optometrist, Retail Store · Clearview Opticals Pvt Ltd, Indore — Jan 2022 – Feb 2023

- Conducted 20–25 eye tests a day and dispensed spectacles and contact lenses with accurate PD and fitting height.
- Fitted 30+ toric and multifocal contact lens patients a month, raising store contact lens revenue by 28%.
- Reduced spectacle remake requests from 6% to 2.5% by double-checking prescriptions and frame measurements.
