PERSONAL STATEMENT

PHP developer with 4 years of experience building Laravel and CodeIgniter applications for e-commerce, education and field-sales clients. Works with PHP 8.2, MySQL, Redis, REST APIs and Vue.js, and has upgraded legacy PHP projects to modern Laravel.

WORK EXPERIENCE

Senior PHP Developer · **Malwa Webtech Solutions Pvt Ltd, Indore** May 2024 – Present

- Develop a Laravel 10 multi-vendor marketplace with 2,500+ sellers, including order, commission and payout modules.
- Upgraded a legacy CodeIgniter 2 school ERP to Laravel, cutting logged page errors by 70% and enabling PHP 8.2 support.
- Integrated payment gateway, courier and SMS APIs with queue-based retries using Laravel Horizon.
- Tuned slow MySQL queries with indexes and eager loading, bringing order-report generation from 40 seconds to 6 seconds.

PHP Developer · **Narmada Digital Labs, Indore** Aug 2022 – Apr 2024

- Built custom WordPress themes and plugins for 25+ client websites in healthcare, real estate and education.
- Developed Laravel REST APIs for a field-sales mobile app used by 400 sales executives.
- Set up Git-based deployments and staging servers, replacing manual FTP uploads.

EDUCATION

MCA in Computer Applications · **Rajwada College of Computer Science, Indore** 2020 – 2022
Grade: 7.9 CGPA

BCA in Computer Applications · **Malwa College of Commerce and Computer Science, Ujjain** 2017 – 2020
