Mohammed Irfan

Plumber

mohammed.irfan@example.com | +91 90XXX XXX18 | Hyderabad, Telangana

PERSONAL STATEMENT

ITI plumber with 6 years of experience in residential towers, hospitals and commercial buildings. Experienced in CPVC, UPVC, GI and HDPE pipelines, sanitary fixtures, drainage lines, pump installation and hydro testing, working from plumbing drawings on large builder projects.

WORK EXPERIENCE

Senior Plumber · Deccan Heights Constructions Pvt Ltd, Hyderabad — Jan 2022 – Present

- Lead a team of 5 plumbers and helpers on a 2-tower, 320-flat residential project, installing water supply and drainage shafts floor by floor.
- Carried out hydro pressure tests at 10 kg/cm² on every riser before handover, keeping leak complaints after possession below 2% of flats.
- Installed 4 booster pump sets and overhead tank connections, and trained the facility team on pump changeover.
- Marked sleeves and cut-outs from plumbing drawings ahead of slab casting, avoiding core cutting on 28 floors.

Plumber · Nizam Facility Services, Secunderabad — Jun 2019 – Dec 2021

- Handled plumbing complaints for a 250-bed hospital and two office buildings, closing 90% of tickets within the same shift.
- Replaced corroded GI lines with CPVC in 3 hospital wards with no interruption to patient areas.
- Maintained flush valves, geysers, RO plant connections and sewage lines under a planned maintenance schedule.
