PERSONAL STATEMENT

Project engineer with 10 years of experience executing process equipment and turnkey water-treatment projects for pharma, food and municipal clients. Experienced in planning, vendor management, site erection and commissioning, with 14 projects up to ₹38 crore delivered across India and the Middle East.

WORK EXPERIENCE

Senior Project Engineer · Godavari Process Systems Pvt Ltd, Nashik — Apr 2019 – Present

- Manage 3 to 4 turnkey effluent and water-treatment projects at a time, with order values from ₹6 crore to ₹38 crore.
- Delivered a 4 MLD sewage treatment plant for a municipal client 5 weeks early, earning the full early-completion incentive.
- Kept project cost overruns under 2% across 9 projects by tracking budgets weekly and negotiating change orders with clients.
- Coordinate design, procurement, 20+ vendors and site teams, and lead FAT, erection and commissioning activities.

Project Engineer · Trimbak Engineering Fabricators, Ambad MIDC, Nashik — Jul 2015 – Mar 2019

- Executed fabrication and installation of stainless-steel tanks and process skids for pharma and dairy clients.
- Prepared project schedules in MS Project and weekly progress reports for 11 client projects.
- Cut punch-list closure time from 6 weeks to 2 weeks by introducing pre-commissioning checklists.
