Aditya Mishra

React Developer

aditya.mishra@example.com +91 88XXX XXX09 Noida, Uttar Pradesh linkedin.com/in/aditya-mishra-example

PERSONAL STATEMENT

React developer with 4 years of experience building React 18 and Next.js applications for edtech and payments products. Strong in TypeScript, Redux Toolkit, React Query and Jest, with a record of improving Core Web Vitals and mentoring junior developers.

WORK EXPERIENCE

Senior React Developer · **Yamunotri Edutech Pvt Ltd, Noida** Mar 2024 – Present

- Lead frontend development for a live-classes platform with 6 lakh registered students, built on Next.js and TypeScript.
- Replaced ad hoc data fetching with React Query, cutting duplicate API calls by 45% and simplifying cache handling.
- Improved Largest Contentful Paint on course pages from 4.1 s to 1.9 s through code splitting and image optimisation.
- Review pull requests for a team of 5 and run fortnightly sessions on hooks and testing practices.

React Developer · **Indus Paylabs, Noida** Jul 2022 – Feb 2024

- Built merchant dashboard screens in React and Redux Toolkit for settlements, refunds and payment links.
- Wrote reusable form components with React Hook Form and Yup, used across 20+ onboarding screens.
- Added Jest and React Testing Library tests, taking frontend coverage from 30% to 72%.
