# Akash Wankhede

**Salesforce Developer**

akash.wankhede@example.com +91 93XXX XXX85 Nagpur, Maharashtra linkedin.com/in/akash-wankhede-example

## PERSONAL STATEMENT

Salesforce developer with 3 years of experience building Sales Cloud and Service Cloud solutions for real estate, education and financial services clients. Skilled in Apex, Lightning Web Components, SOQL, Flows and REST integrations, and holds Platform Developer I and Administrator certifications.

## WORK EXPERIENCE

**Salesforce Developer** · **Vidarbha Cloud Consulting Pvt Ltd, Nagpur** Apr 2024 – Present

- Built 14 Lightning Web Components for a real estate developer's site-visit, booking and payment-schedule process used by 220 sales users.
- Integrated Salesforce with the client's ERP and a telephony system using Apex REST callouts and platform events, removing double data entry for bookings.
- Replaced 9 legacy Process Builders and workflow rules with record-triggered Flows and bulkified Apex triggers, cutting CPU time-limit errors to zero.
- Maintain 85%+ Apex test coverage and deploy through Git-based CI with Salesforce CLI across 3 sandboxes.

**Junior Salesforce Developer** · **Orange City Infotech, Nagpur** Jul 2023 – Mar 2024

- Configured Service Cloud case management, queues and escalation rules for an edtech support team handling 4,000 cases a month.
- Wrote Apex batch classes to clean and deduplicate 1.2 lakh lead records.
- Built Experience Cloud pages for student self-service and ticket tracking.
