PERSONAL STATEMENT

Site engineer with 3 years of experience executing civil and structural works for industrial plants and port-side warehouses with an EPC contractor. Experienced in layout marking, RCC and PEB works, daily progress reporting and quality checks, with zero lost-time incidents on sites of up to 180 workers.

WORK EXPERIENCE

Site Engineer, Civil · Coromandel Projects and Infra Ltd, Visakhapatnam — May 2023 – Present

- Execute foundations, RCC and PEB erection for a 42,000 sq m logistics warehouse near the port, coordinating 4 subcontractors and up to 180 workers.
- Completed 1,100 isolated footings and pedestals 12 days ahead of the baseline schedule by sequencing excavation and pour teams.
- Maintain DPRs, pour cards, checklists and joint measurement records accepted by the client's PMC without major remarks.
- Recorded 3.2 lakh safe man-hours on my section by running daily toolbox talks and permit checks with the HSE team.

Junior Site Engineer · Godavari Constructions, Rajahmundry — Jul 2022 – Apr 2023

- Supervised construction of a G+4 hospital block, including column casting, slab shuttering and blockwork.
- Used auto level and total station for setting out, levels and as-built records.
- Tracked daily cement, steel and RMC consumption and flagged variances to the project manager.
